## **CLIL MY OPEN WINDOW ON THE WORLD AROUND ME**

This 3 year long Erasmus + project aims at promoting the pupils' language learning and intercultural awareness through the CLIL approach. CLIL stands for Content and Language Integrated Learning and refers to teaching subjects such as science, history and geography to students by introducing a new language.

Students discover the world for themselves, using the tools of language in a meaningful way. For young learners, a successful CLIL lesson is meaningful, challenging, rewarding and requires them to think deeply and learn actively. In a CLIL lesson, we open the windows and invite our amazing world to our classrooms .
